The public is engaged, and there is a lot of support across the regions, in both urban and rural communities, for those businesses helping to ensure the show goes ahead.

This year, a new portfolio of Sponsorship Opportunities has been carefully curated to offer maximum brand exposure opportunities, and benefits that provide real value.

The CHRISTCHURCH SHOW

WHAT IS THE CHRISTCHURCH SHOW?

Since 1863, the Canterbury A&P Association has brought this iconic event to Canterbury. Whilst 2024 may be a year of restructuring, it will still be a fun filled event for the people of Canterbury that honours the Association's mission is to further the progress of agriculture in the region.

This is achieved via:

- The Future of Agriculture – Supporting young people from schools and local communities to participate in agriculture.
- Supporting the Show – Where the history of Canterbury agriculture and the future of New Zealand agriculture is highlighted.
- Competitions and Events – We run agricultural competitions and events to help maintain an active community throughout the year.
- Providing Pastoral Care and Mental Health Support to rural communities.
